APOLLO 1.1 UPDATE

INSTALLING UPDATE

1. Open Kontakt in standalone mode
2. Locate Apollo in Kontakt's library browser
3. Click the gear icon located at the bottom right of Apollo and select "Remove Library"

4. Locate and open the Apollo Cinematic Guitars folder from your hard drive
5. Move (*drag* or *copy and paste*) the 1.1 "Instruments" folder into the Apollo Cinematic Guitars folder
6. Replace the old "Instruments" folder (depending on your operating system, you may be prompted to replace all files, select yes)
7. Navigate back to Kontakt
8. Click "Add Library" and reload Apollo
